DETAILED ACTION

1. This action is responsive to papers filed on 1/14/09.

Response to Amendment

2. In response to applicant's amendment received on 1/14/09, all requested changes to the claims have been entered. Currently claims 1-39 are pending.

Response to Arguments

3. Applicant's arguments, see Remarks, filed 1/14/09, with respect to claims 1, 21 and 39 have been fully considered and are persuasive. The 35 USC 103(a) rejection of claims 1, 21 and 39 have been withdrawn.

35 USC § 101

4. Regarding claim 1, the claim fails to pass the "transformation" test because the claims limitations do not disclose that the modified or transformed data is depicted in an external, non-pure data, manner. However, it is inherent that several of the claims steps could not be performed manually, mentally or without the use of a machine, for example, "applying an inverse of said transform to said modified transform to thereby produce a modified image of said document" would require the use a machine. Therefore the claim is considered statutory.

Art Unit: 2624

6. The following is an examiner's statement of reasons for allowance:

Regarding claims 1, 21 and 39, please refer to the Applicant's remarks, filed on 1/14/09, for the reasons of allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
